PILATES

Delivered by Ms. Yuri Tanioka, Certified Pilates Instructor

I have been a Pilates instructor for 10 years. I will guide children to quickly develop good habits through movement. Let's have fun in my Pilates class!

In my kids' classes, I encourage children's physical development and breathing through the practice of Pilates while having fun. They will also become aware of their own bodies and develop an awareness of the importance of health. By approaching the bones and muscles necessary in childhood, I can effectively create the correct posture that takes advantage of the developmental process.
